“How many are your works, O Lord! In wisdom you made them all; the earth is full of your creatures. There is the sea, vast and spacious teeming with creatures beyond number – living things both large and small. There the ships go to and fro, and the leviathan, which you formed to frolic there. These all look to you to give them their food at the proper time. When you give it to them, they gather it up; when you open your hand, they are satisfied with good things.” Psalm 104:24-30

This psalm reminds us of God who provides for us. God provides the food for the swan, the manatee and the sea turtle. And none of it is the same. It is each suited for the receiver. The best food for its sustenance and growth. God also provides for us. Even when we don't realize it. Thank God today for what you have been given and what you were able to participate in providing for yourself, your family and your friends. The earth is beautiful. And the God who created continues to care for us and the whole universe. Thanks be to God!
